Karting Since 2005
 Series / class Rotax Max Senior - World at the Rotax Max Challenge Germany
 Idol Sebastian Vettel

Hobby's Karting, Motorcross and football

Results 2007 German Vice-Champion Rotax Max Challenge - Micro class
 2008 German Champion Rotax Max Challenge - Micro class
 2009 German Champion Rotax Max Challenge - Juniors Cup class
 2010 German Champion Rotax Max Challenge - Juniors World class
 2010 Participation in the World Finals of the Rotax Max Challenge

So I am Larry, a 14 year old boy who is successfully in the world of karting. I'm best described as a loyal person, always in a good mood and someone who wants to win and will keep fighting until the last man standing has fallen. And this can be seen in my list of results. In just three years time I climbed from German Champion in the Micro class to German Champion in the Junior World class, which was rewarded with participation in the World Finals in Italy.

On the following pages of my portfolio you will find a special list of my results, why I can help your organization, my social side and the schedule for 2011. Finally you will find some great photos that describe my successful racing career in photos.

With sport greetings,

Larry ten Voorde

RESULTS FROM THE PAST, A GUARANTEE FOR THE FUTURE?

Since 2005 I have been karting. And that has been very successful. Being successful in karting provides the opportunity to grow into the world of motorsport. And that is exactly what I want. I am convinced that my knowledge, mental attitude, talent and physical health can get me to *the best of Europe* in considerably short time.

Because I have been driving with the B&W Kart-Team since the beginning, my mechanic and I are fully attuned. This gives me a great advantage over the competition. For the first time I will have a teammate in the same class, so we can help each other forward. And through extensive training in the winter I stay in shape. All factors that will greatly help me compete for the title in the Senior World class, which I will participate in 2011.

Perhaps the biggest advantage of all is the fact that the B&W Kart-Team has purchased a formula car. The aim is thus to have their potential drivers practice with this car for the next level in motorsport. I am one of those drivers. This car is therefore an important factor in my development and the way I want to implement this plan.

Below is a complete list of my results in recent years. In just five years time, I have been a Champion for seven times. That is a remarkable achievement in itself. It also provides a clear picture of my potential.

2005/2006	6th place	Wintercup Emsbüren	VT200
2006	2th place	Sommercup Emsbüren	VT200
2006/2007	2th place	Wintercup Emsbüren	VT200 (drove in 2 classes)
2006/2007	German Champion	Wintercup Emsbüren	Bambini (drove in 2 classes)
2007	2th place	Rotax Max Challenge	Rotax Max Micro
2007/2008	Champion	Wintercup Emsbüren	Rotax Max Junior
